

# Cybersecurity & insurance to keep your business safe

Coalition is the best way for a company to manage cyber risk. We provide comprehensive insurance coverage, free cybersecurity tools to monitor and protect your business, and 24/7 expert incident response to help you quickly respond to a cyber incident.

**Hackers are smart, breaches are common, accidents happen. You need the most comprehensive protection. That's Coalition.**

## State-of-the-art cybersecurity

Our cybersecurity platform includes 24/7 security monitoring, automated security alerts, employee training, and access to security experts to prevent cyber incidents before they occur

## Best-in-class cyber insurance

We protect the value of your entire business including financial, intangible, and tangible damage with up to \$15M of the most comprehensive cyber insurance

## The most innovative and comprehensive coverage available

Coalition covers more of the financial, tangible, and intangible exposures your business faces as than any other insurance company.

### Ransomware

A hacker has encrypted all of your files and won't unlock them until you pay a ransom. Not to worry, we'll cover the costs to restore your data and get you up and running again.

### Wire Fraud & Social Engineering

A funds transfer request is sent to your controller by someone pretending to be your CEO. The funds may be out the door, but at least you're not out of pocket — we've got you covered.

### Phishing and Data Breaches

A hacker gains access to an employee's email or breaches your network. We'll cover costs to fix the problem and breach related expenses such as credit monitoring and regulatory penalties.

# Don't just protect your network, protect your business

We offer a full suite of security apps including 24/7 security monitoring, automated threat and intelligence alerts, DDoS mitigation, security benchmarking, ransomware protection, employee training, patch reminders, and more — included with each policy at no additional cost.
